The Bahamas Development Bank ("BDB" or "The Bank")

Principal Functions

The Bank is the Government's primary provider for promoting industrial, agricultural and commercial development, facilitating participation in approved enterprises while stimulating and enhancing the economic development of The Bahamas. The Bank serves a wide and diverse population with its clientele being drawn from all levels of the Bahamian society and throughout the archipelago. The Bank is mandated to provide financing for economically viable projects that:

-  Create employment
-  Promote prosperity for all Bahamians
-  Introduce new technology & skills
-  Reduce imports and increase exports
-  Utilize Bahamian materials & resources

The Bank's fundamental purpose therefore is to assist with the industrial growth of The Bahamas by providing financial assistance in key areas.

The Bahamas along with the rest of the United Nations member countries recognizes that economic development must also consider the needs of the environment and people along with financial prosperity. The Bank has integrated international frameworks for development including the Sustainable Development Goals into our strategy. The 17 SDGs consider climate change, financial inclusion, gender equality, quality of work and environmental sustainability as part of development. Our strategy focuses on the twin pillars of financial sustainability and development impact.

BDB Impact

Growing Bahamian Businesses

Since its establishment, The Bank's debt lending to MSME'S has exceeded \$100 million. BDB has provided capital to a number of businesses including Agave Restaurant, Bahamian Paint Company, Bertha's Go Go Ribs, Boardwalk Seafood, Gulf Stream Seafood, JC Seafood, Kruger Plastic Ltd., LaSarena Group of Companies, Letty's Paradise, Manta Ray Bay, Nassau Gas, Pace Foundation, Pirates Well, Powerboat Adventures, SFB Resorts, Sky Bahamas, Sunrise Shredding, Wellspring Academy, and WemCo Security. Together this selection of our clients employ over 651 persons.

Forging Inter-Island Linkages

The Bank has also acted as the primary financier of mail boats in The Bahamas. By funding the mail boats, The Bank not only created hundreds of jobs for persons directly employed in the industry, but also facilitated inter-island trade. This enabled the creation of opportunities for the establishment of many businesses within the Family Islands. Several of the original mail-boat operators who received financing from the BDB have graduated from the Bank and have gone on to establish businesses in other industries.

Family Island Grant

Background

The Bahamas Development Bank ("BDB" or "The Bank") launched the Family Island Grant on April 4th, 2022 with a budget of \$100,000 (BSD) with the aim of supporting business development in the Family Islands of The Bahamas. The goal of this grant program was to provide existing and start up businesses with access to capital that can help to grow or start their businesses.

By the grant deadline, over 400 completed applications were received, with over 700 applications attempted. In total, 41 applications were selected to win the \$2,500 grants. The islands impacted by the grant are shown below.

BAHAMAS
DEVELOPMENT
BANK

FAMILY ISLAND GRANT

BDB is issuing a call for proposals aimed at supporting business development in Family Island Communities. Grants of up to \$2,500 will be awarded to eligible applicants.

Total financing available: \$100,000

GRANT START DATE: APRIL 4TH, 2022
GRANT DEADLINE: MAY 2ND, 2022

Eligibility Criteria:

- ✓ Start-Ups or Existing Businesses with at least 60% Bahamian ownership
- ✓ Valid business license required
- ✓ Must be a Family Island Resident with proof of address

Program Criteria:

- ✓ Grants will be offered to businesses for the purchase of equipment or training needed to scale up their businesses.
- ✓ Funds will not be provided for consolidating existing loans or paying off existing business debt.

Apply on our website at www.bdb.gov.bs.

For questions, email sdi@bdb.gov.bs.

Family Island Grant Requirements

The Bahamas Development Bank (“The Bank” or “BDB”) committed to enhancing support for Bahamian entrepreneurs of every size through targeted investments. Thus, The Bank is issuing a call for proposals to provide outreach to Family Island Communities to support microbusiness development. Grants of up to \$2,500 will be awarded to eligible applicants. Total financing available: \$100,000

Program Description

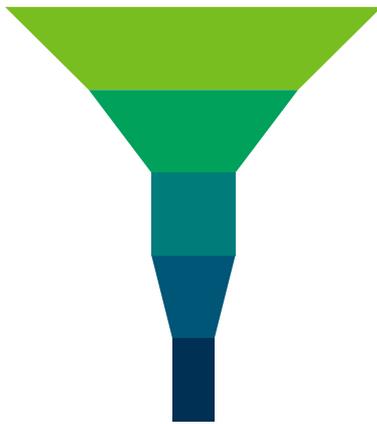

- Grants will be offered to businesses for the purchase of equipment or training needed to scale up their business size.
- Funds will not be provided for consolidating existing loans or paying off existing business debt.

Eligibility Criteria

- Start-Ups or Existing Businesses with at least 60% Bahamian ownership
- There are no age restrictions on grant recipients

Grant Scoring

Outcome Oriented
 Innovation
 Community Based
 Inclusion
 Climate Smart
 Knowledge Building

- 45 **Outcome Oriented**
The application should explicitly outline the use of funds, demonstrating feasibility and impact on the business
- 25 **Innovation**
Bold, innovative, and transformative, and has the potential for replication and scaling up
- 10 **Community Based**
Projects should be bold, innovative, and transformative with the potential for future financing.
- 10 **Inclusion**
Business considers social inclusion by involving women, youth, persons with disabilities or other vulnerable populations
- 5 **Climate Smart**
The application considers climate change impacts
- 5 **Knowledge Building**
The application involves training or building capacity in the community

Application Process

1

Application Submission

1. Applications should be submitted via the online website 11:55pm by May 2nd, 2022.
2. Applications will be reviewed once the application deadline expires at 11:55pm on May 2nd, 2022.

2

Decision and Approval

1. All completed applications will be scored and reviewed by the Appraisal Committee prior to submission to the selection committee.
2. The Selection Committee will review the scores of the Appraisal Committee and determine which applications are conditionally approved and can be processed further. Applicants that are conditionally approved will be required to submit all requisite KYC documents within a week of notification.
3. All applicants will receive a formal letter announcing the success or failure of their application. This process will take up to 15 business days after the application period has ended.

3

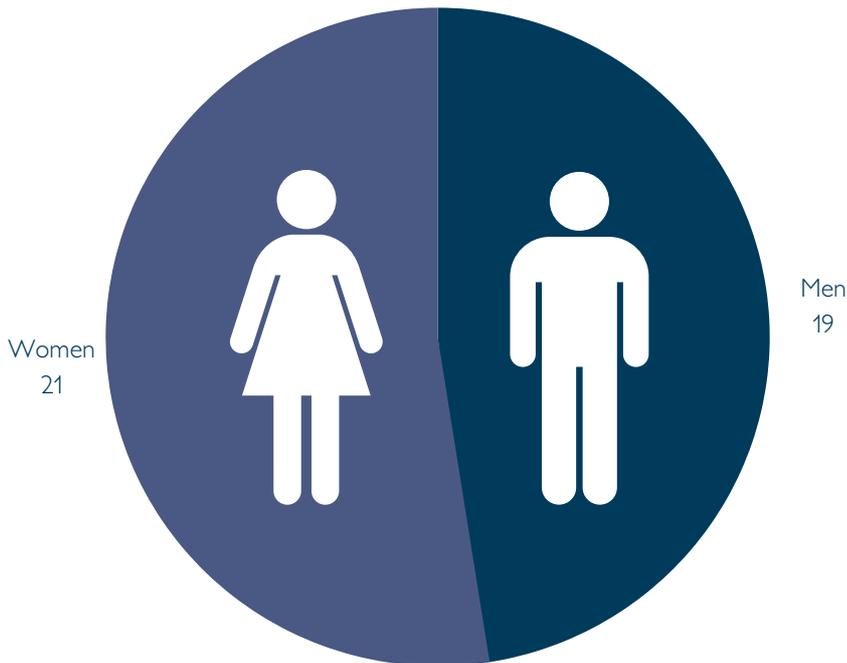

Disbursement

1. If approved, the grant contract and all supporting documents will be sent and a signed copy must be returned to begin the disbursement process. The disbursement process should be completed within 7 business days of award notice. The awardee must adhere to all disbursement guidelines. BDB representatives will contact grant recipients to collect impact data and begin monitoring for up to one year following the award.

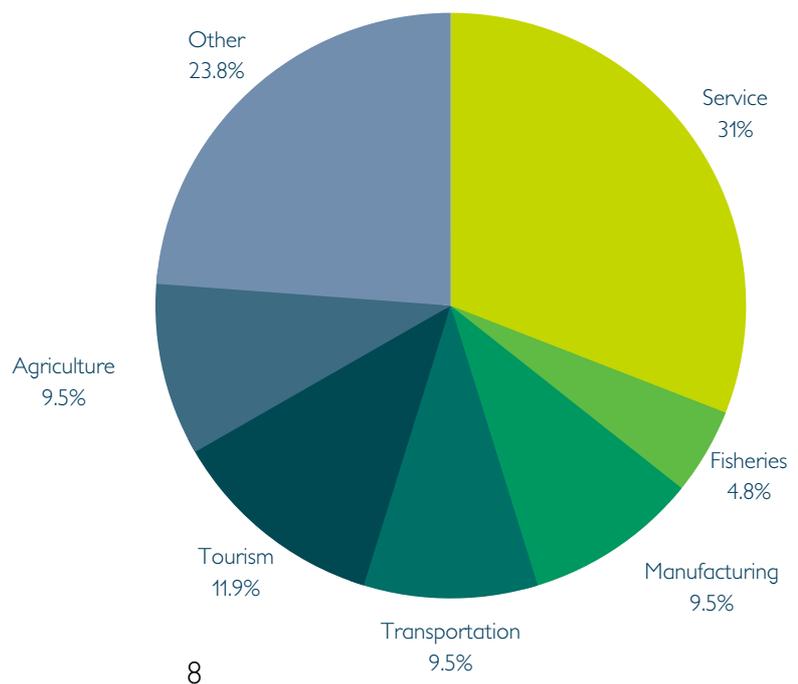

Grant Impact

WINNERS BY GENDER

WINNERS BY INDUSTRY

ABACO

NEIL ABERLE

Air2O Manufacturing is the premier water manufacturing business in The Bahamas, making ultra-pure and healthy drinking water directly from the humidity in the air. As the Bahamas is blessed with ample humidity year round and the cleanest air in the world, Air2O Manufacturing is able to make extremely pure water anywhere it is needed, thus eliminating the huge carbon footprint associated with importing water in single-use plastic bottles to our islands. Furthermore, Air2O Manufacturing only dispenses water into reusable containers, so no plastic waste is generated. Air2O water is renewable, sustainable, and environmentally friendly, and is 100% pure, healthy, structured water -- quite simply the best water on the planet!

ROYANN BROWN

Royann Brown, is the owner of Trendy Totes Shoes & Accessories. This business is something that she wanted to open for quite sometime but was unable to do so due to lack of funding. Her goal was to open a shoe store that catered to mostly woman with larger feet that would be size 9-12, although she would have all sizes, those are the main sizes that she would be trying to have at all times. She herself is a size 10 / 11 for comfort and knows how difficult it is to find a simple pair of sandals in that size. She wanted to have a store where ladies won't have to send to Nassau, Freeport etc. for shoes.
